

## **LED LIGHTING ENERGY EFFICIENCY REBATE PROGRAM**

<b>Incentive Type:</b>	Rebate
<b>Eligible Measure:</b>	Energy Star LED Bulbs
<b>Eligible Sectors:</b>	Residential and Commercial Business (average of 1200 kWh/month)
<b>Rebate Amount:</b>	30% of purchase of 5 bulbs (not to exceed 20/50 business)
<b>Instant Rebate:</b>	30% Total cost of purchase price - Coupon
<b>Point of Contact:</b>	Patricia Lord, Grants Program Coordinator

**Program Overview:** To improve energy efficiency for ratepayers by providing a financial incentive (rebate) for the purchase of Energy Star LED bulbs.

**Goal/Objective:** To provide an affordable option for homeowners and small businesses to purchase LED bulbs; to promote the LED technology; to reduce the territory's carbon footprint; to reduce fossil fuel dependence; to adhere to the Government's goal to reduce energy consumption by 60% by 2025; and to assist in reducing per capita energy consumption to the EPACT goal of 835 MBTUs/person.

**Implementation Plan:** The Virgin Islands Energy Office (VIEO) will partner with local vendors to provide point of sale rebates to eligible residents and small commercial businesses for the purchase of LED bulbs for use in their place of residence or place of business located in the United States Virgin Island.

### **Responsibility of Agency and Vendor(s)**

**Local Vendor(s):** Agree to abide by the program rules as promulgated

- Participate in Vendor meeting(s) hosted by the VIEO
- Provide a copy of valid Virgin Islands business license and subsequent renewal (where applicable)
- Must have a Dun and Bradstreet Number (DUNS) - [www.dnb.com/us/duns](http://www.dnb.com/us/duns)
- Must have been in business in the US Virgin Islands for 1 year or more
- Must have Energy Star LED bulbs available for purchase
- LED lamps/bulbs must be listed on the [energystar.gov website](http://energystar.gov) to be eligible for the rebate
- Vendor must provide a list of LED inventory to the VIEO and update as necessary
- Post signage stating you are a VIEO approved Vendor for the LED Lighting Rebate Program
- Agree to provide coupons to residents at point of purchase
- Agree to submit reimbursement request to VIEO biweekly on pre-determined/approved form.

**VIEO will:** Host vendor meeting(s)

- Review and approve vendor application
- Provide coupons to vendors
- Process vendor payment/reimbursement request
- Monitor vendor(s) implementation of the program (includes sit visit)
- Conduct random site visit to rebate customer(s) with notice

**This program was made possible through Grant # DE-EE004394 from the United State Department of Energy.**

**Any attempt to modify program rules without written consent from the Virgin Islands Energy Office constitutes fraud which could lead to legal action.**
